

ROLLER SHUTTER DOOR COMPONENTS

# GEARS, PINIONS, PLATEWHEELS AND SPROCKETS

NVM offers a comprehensive range of gears, barrel gears, worm gears, compound gears, idler gears, platewheels and pinions. Gears are available in cast or steel to suit a wide range of applications and can be supplied with a plain bore, oilite bush, bearing or ball race, with or without keyways.

Whilst NVM carry an extensive range of gears, platewheels and pinions in stock, we can also manufacture to customers specific requirements using our in house cnc / gear-cutting department.

We also provide a short turnaround emergency service where gears can be manufactured and dispatched within 24 hours.

# CASTINGS

NVM are the largest suppliers of roller shutter door castings in the UK, and have in depth experience of servicing the industrial door market. Inner Blocks, Spring Blocks, bearing Blocks, Spring Anchors and support Cups are all available from stock and can be supplied in plain bore, bushed or with bearings.

Endlocks, Wind Endlocks and Combination Wind Endlocks are available from stock to suit most major lath producers, although any customer specific requirements can be met. Endlocks can be supplied plain or pre-drilled and zinc plated, again all from stock.

North Valley Metal specialise in manufacturing and supplying a wide range of components and related security products to the Industrial Door and Shutter trade.

Our facility is well equipped to produce gears, sprockets, shafts, steel bearing blocks and discs etc., along with an extensive range of machined castings in grey iron, malleable iron and aluminium, using modern CNC machines for turning, milling and drilling.

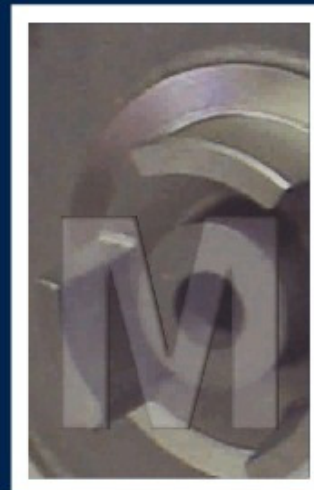

### **Service**

We believe in serving you, the customer, with good stock support to meet the fluctuating demands of today's production needs. Production is geared to quick turn around of orders, large or small, and is capable of supplying bespoke replacement parts for urgent breakdown repairs on a next day service. None urgent goods are dispatched using a competitive local transport service or where possible delivered using our own vehicles.

### **Finishing**

We offer a variety of metal finishes, including electroplating, electrostatic powder coating, chemical blacking and hot dipped galvanising.

All our castings are produced to British Standards BS1452 1977 and BS2789 1973.

# LOCKS AND ISOLATORS

Pinlocks and Housings are available from stock in either nickel plated steel or aluminium housing. Pinlocks can be supplied either keyed alike or upto groups of 20 different. A full range of Isolator and Keyswitch boxes compliments the range and include Ground Lock Isolators, Keyswitch Isolators, Shootbolt Isolators and Double Pin Solators.

Cisa Padlocks, armoured Padlocks, Ground Fixing Locks and Shootbolts are also available from stock. Also available are Pressed Steel Keyswitch Locking Boxes and Locking Pad Pin sets.

# CHAIN AND CHAIN WHEELS

NVM stock chain wheels ranging from 4" upto 12" and in a range of materials including cast, aluminium and plastic. Chain Wheels can be supplied complete with sprockets or Pinions, and either plain bore or bushed. Also available are Chain Wheel assemblies supplied complete with either fabricated or cast brackets.

Chain guides, Brackets and Chain Locking boxes are also available to suit and are stocked in either cast or steel.

Std 5.5mm Chain and drive chain are also available from stock and supplied by the metre. Connection links are also available. To complete the range, Chain Tensioners and Chain Grippers are also available.
